Hi Fernando,

Maybe if you have a chance the two of us could have a brief chat later this afternoon. We saw the Governor's surprising move yesterday with regard to rates, and I assume you saw our filing. I can give you a little more color on that as well. Let me know if there is a time that works.

Regards,
Jorge

Jorge:

Thanks for your email. I can assure you that Christian is committed to a consensual resolution as well, and as he has shown, he is action oriented and delivers on the plans he has put forth out there for PREPA. The Government's commitment is that if it's reasonable and fits within the overall process that has been laid out for PREPA's transformation, we should be able to reach a consensual resolution.

I strongly urge you not to see filing a receivership motion as something that will contribute to advance the process at this stage. It will not help at all to the open constructive dialogue I believe we can continue having.

Yesterday you made some general comments about the kinds of things you want to see from a governance and operational perspective. I would like to hear in detail what those are in the spirit of assessing whether it is something the Government and PREPA could agree to.

Let me know if you want to connect and talk about this further.

Regards,

Thank you Fernando. I appreciate you being in the room today. I hope you're able to relay to Christian and others the sentiments we put forth in the meeting. We're sincerely looking towards reasonable consensual resolutions on all remaining issues as we get to a deal. Those efforts will continue notwithstanding any necessary filings we're forced to undertake to protect our rights in the interim. At the moment we don't have anything to grasp on to that shows our legal rights and commitments are being respected to the extent possible. I'm optimistic, however, that we can get to a consensual resolution not just in Prepa but with other entities as well.

Regards,
Jorge
